INFORMATION REGARDING THE 2019 CRUISE SHIP SCHEDULE
Updated 12/05/18

Attached is the draft 2019 cruise ship schedule with berth assignments. The initial public review and discussion of the schedule will be during the Port and Harbors Advisory Board meeting on Tuesday December 11 at 7:00 pm at the Harbormaster Building located at 2933 Tongass Ave. The public is welcome to attend and participate. Also attached is a copy of Section 13.08.045 of the Municipal Code which contains the guidelines for the assignment of cruise ship berths.

The following are some of the highlights of the 2019 cruise ship schedule:

- The first ship will arrive April 27 and the last ship will depart October 5.
- The overall weekly schedule during the height of the season is very similar to the last few seasons. Mondays, Thursdays and Fridays are still the busiest days, while Tuesdays, Wednesdays, Saturdays and Sundays are a bit slower but not by much.
- The Norwegian Joy is entering the Alaskan market and will take the voyages of the Norwegian Bliss and will normally call in Ketchikan on Mondays. The Joy is a sister ship to the Bliss. The Bliss will take the voyages of the Norwegian Pearl and will call in Ketchikan on Fridays. The Pearl is leaving the Alaskan market.
- The Celebrity Eclipse is replacing the Celebrity Infinity in the Alaskan market and will call in Ketchikan on Fridays. The Eclipse is a sister ship to the Celebrity Solstice which has called in Ketchikan on Sundays and will continue to do so.
- The Royal Princess is entering the Alaskan Market and will take the voyages of the Star Princess. The Star Princess will take the voyages of the Emerald Princess which is leaving the Alaskan market.
- The Silver Muse will be replacing the Silver Shadow.
- The Queen Elizabeth, Azamara Quest and Viking Orion will all be new additions to the Alaskan market.
- 41 vessels with a total expected lower berth count of 39,451 passengers are scheduled to anchor and lighter passengers due to no berths being available. This is a marked increase over last season and the largest number since 2006, prior to the construction of Berths III and IV.
- Based on a projected lower berth count of about 1,142,000 and historical data, the total number of passengers in 2019 is expected to be in the neighborhood of 1,200,000, which would be about 7% more than the 2018 record of 1,119,271.

The projected passenger distribution between the four berths is as follows:

	Passengers	Percent
Berth I	224,395	20.34
Berth II	211,642	19.18
Berth III	393,497	35.66
Berth IV	273,943	24.83

In accordance with the Municipal Code and the Berth IV lease, Berths I, II & III are supposed to be allocated 75% of the passengers with Berth IV receiving 25%. Historically we have attempted to spread the 75% as equally as possible among Berths I, II & III; however it has been increasingly difficult to do so as more Neo-Panamax ships have entered the Alaskan market. Until other berths are expanded, Neo-Panamax ships such as the Bliss, Joy, Solstice and Eclipse can be accommodated only at Berth III. Also two of the many existing Panamax ships do not always fit together at Berths I & II depending on several factors including direction of travel, length overall of each vessel and gangway placements.

13.08.045 Assignment of cruise ship berths.

(a) The city will endeavor to assign cruise ships to berths in such a way that satisfies the Policy of Equitable Distribution, herein "policy," stated in Section 13.10.19 of the Berth IV Lease, which requires, in part, that 75 percent of cruise ship passengers be allotted to Berths I, II, or III, and approximately 25 percent to Berth IV; with 100 percent of the lightered passengers allocated equally between Berths III and IV.

(b) Subject to the overall objectives stated in subsection (a) of this section, the decision as to where each individual ship will be berthed or lightered to at any given time will be determined by any one or more of the following criteria:

- (1) Ship characteristics such as size, length, location of gangway access points, location of mooring lines, and services received by the ship while berthed;
- (2) Ship scheduled times of arrival, departure, and direction of travel;
- (3) Dock characteristics such as height, type (fixed or floating), location and type of mooring bollards, available services and gangways, condition, and safety;
- (4) Existing and predicted weather and tides;
- (5) Facility and vessel security requirements, existing maritime security (MARSEC) level, and availability of security personnel;
- (6) Ongoing or anticipated construction or repair work on the dock, adjacent uplands, or adjacent roadways;
- (7) Ship's captain or cruise line special requests;
- (8) Special circumstances such as emergencies, festivals, exercises, events, etc.;
- (9) Convenience of passengers;
- (10) Sufficiency of ground transportation, pedestrian ways, and the impact of motor vehicle traffic;
- (11) Safe and efficient use of city port facilities and resources.

The port and harbors director shall determine the weight, if any, to be given to each of the above considerations and shall be the final authority for berth assignments.

(c) The city manager or his designee shall be permitted to participate in berth scheduling conferences between cruise line agencies and participating cruise lines when such participation is requested by the city manager. A cruise ship schedule for each season, which includes anticipated berth assignments, will be prepared by cruise line agencies and forwarded to the city of Ketchikan at least three months prior to the arrival of the first cruise ship of the season. The city manager or his designee will provide written consent of the berth assignments along with any required or recommended changes.

(d) The city manager may establish additional regulations as he determines to be useful in determining where cruise ships are berthed; provided, however, that those regulations do not conflict with this policy and do not conflict with Section 13.10.19 of the Berth IV Lease with Ketchikan Dock Company dated July 14, 2006. (Ord. 1597 § 2, 2008)
